CropFit®

IRON 4

IRON 4

GENERAL INFORMATION

CropFit Iron 4 is specifically formulated for foliar delivery of iron.

RATE RECOMMENDATIONS

Field, Row, Vegetable and Vine Crops: Apply 1 quart per acre per application throughout the growing season. More frequent applications at 1 pint per acre may be needed to correct deficiencies once they occur.

Optimum rate of application will vary depending on soil properties (such as pH, organic matter content, texture), weather conditions, time of year, plant species and general health. For best results, follow soil/tissue test recommendation.

MIXING AND HANDLING INSTRUCTIONS

Fill mix tank with half of required water volume and begin agitation. Add products in this order, mixing thoroughly after each addition: adjuvants, pesticides, then fertilizers. Fill tank with remainder of water and continue agitation until solution is completely mixed. Check chemical mixture compatibility using a jar test prior to application.

PRECAUTIONARY STATEMENTS

Wear eye/face protection and protective gloves. Wash thoroughly after handling.

First Aid: If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists, get medical attention. If on skin: Wash with plenty of water. Take off contaminated clothing and wash before reuse. If skin irritation occurs, get medical attention.

Storage and Disposal: Do not contaminate water, food or feed by storage or disposal. Keep out of reach of children. Store away from incompatible materials. Store in original container. Store in a well-ventilated area. Storage temperature: 40 F to 100 F. Dispose of contents/container in accordance with local authority requirements.

GUARANTEED ANALYSIS

Sulfur (S)	2.00%
Iron (Fe)	4.00%

Derived from ferrous sulfate. *F76*

WARNING: Causes serious eye irritation. Causes skin irritation.
