NGest®

DRY

DRY

GENERAL INFORMATION

NGest Dry is designed to aid in the breakdown of crop residue, which can improve planter performance and increasing nutrient availability to plants. The product also contains 2-hydroxyl-1,2,3-propanetricarboxylic acid for pH adjustment of tank mix solutions to enhance solubility of ammonium sulfate (AMS) in solution.

MIXING AND APPLICATION

Tank mix NGest Dry with water using an amount of least 10 gallons per acre. If using more than 10 gallons of water per acre it is recommended that you apply additional AMS to the tank mix by following the AMS product manufacturer's Directions for Use. Do not exceed the maximum amount of product per acre for any tank mix partner used with NGest Dry. Mix only enough for the immediate appliction. DO NOT mix product with bactericides or copper compounds.

To mix, fill spray tank half way full of desired water amount and begin agitation. Add products in this order (mixing thoroughly after each addition): NGest Dry, adjuvants, pesticides, then fertilizers. Fill tank with remainder of water and continue agitation until solution is completely mixed. Check chemical mixture compatibility using a jar test prior to application, especially for high phosphate and alkaline (pH > 7) solutions.

NGest Dry has been shown to be highly compatible tank mix partner with most herbicide and fertility programs. However, contact your Streamline Ag representative with any specific questions prior to use.

NGest Dry is not harmful to livestock or wildlife who come into contact after application.

CROP APPLICATION RECOMMENDATIONS

Crop	Rate Per Application	Timing
All Crop Residues	8.0 oz. per acre	Fall: Apply immediately after harvest for best performance. Spring: Apply with early herbicide application or in the termination of cover crops. Summer: Ideal for breaking down wheat stubble.

STORAGE, DISPOSAL AND SPILL

Do not contaminate water, food or feed by storage or disposal of this product. Store in tightly closed bag in a dry, well ventilated area, away from excessive heat, open flame and incompatibles (oxidizing agents, bases, chlorates, nitrates). Do not allow water or other chemicals to be introduced into contents of bag during storage.

Storage: NGest Dry should be stored in its original container, away from heat and direct sunlight. Preferably store in cool areas out of direct sunlight, away from children and pets, feed, and food products. Do not contaminate water, food, or feed by storage, disposal, or cleaning of equipment.

Disposal: Do not reuse this container. Do not contaminate water sources by cleaning of equipment or disposal of wastewaters. Wastes resulting from the use of this product must be disposed of on-site or at an approved waste disposal facility. Dispose of contents in accordance with local and national regulations.

Spill: If spill occurs, do not attempt to clean up with water, simply sweep and dispose of material. Dispose of contents in accordance with local and national regulations.

Expiration Date: 18 months after date stamped on container.

PRECAUTIONARY STATEMENTS

First Aid: Wear protective gloves and eye/face protection. Wash face, hands, and any exposed skin thoroughly after handling. Do not eat, drink or smoke when using this product. Avoid release to environment. NOT FOR AQUATIC USE.

Also Contains Non-Plant Food Ingredients

ACTIVE INGREDIENTS

Microbial Content 10%
- Bacillus amyloliquefaciens ..... 1 x 10^8 cfu/g
- Bacillus licheniformis ..... 5 x 10^8 cfu/g
- Bacillus megaterium ..... 1 x 10^8 cfu/g
- Bacillus pumilus ..... 2.5 x 10^8 cfu/g
- Phanerochaete chrysosporium ..... 5 x 10^4 cfu/g
- Trichoderma harzianum ..... 2.5 x 10^4 cfu/g

2-Hydroxyl-1,2,3-Propanetricarboxylic Acid 16%

WARNING: Causes serious eye irritation. May be harmful if swallowed. Causes mild skin irritation. May be harmful in contact with skin.

LIMITED WARRANTY: Streamline Ag warrants that the Product conforms to the chemical description given on this label and is reasonably fit for the purpose stated when used in accordance with label directions under normal conditions of use. Streamline Ag and Seller make no other warranties, express or implied, including warranty of merchantability or fitness for a particular purpose. Buyer and User accept all risks arising from any use of this Product.
