OptiFit®

COC

GENERAL INFORMATION

OptiFit COC is a combination of surfactant and a superior paraffinic oil designed for use in crop protection spray programs. This product increases the effectiveness of pesticides, will increase the activity of pesticides and enhance performance. Therefore, care must be taken in treating crops during periods when plants are subjected to drought stress, high temperatures and high humidity.

RATE RECOMMENDATIONS

Use 1-4 pints per 15-100 gallons of finished spray solution. For improved efficacy, use at least 1 pint per acre when finished spray volume is less than 20 gallons per acre. For backpack or hand held sprayers, use 1 fluid ounce per gallon of finished spray solution.

DIRECTIONS FOR USE

Follow pesticide label directions. However, do not add this product at a rate which exceeds 5% of the finished spray volume, except when used as a diluent for basal bark applications of herbicides. This product may be used on agricultural, forestry, turf and ornamental, and non-cropland sites.

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals: May cause eye irritation. Obtain special instructions before use. Do not handle until all safety precautions have been read and understood. Wear protective gloves/clothing and eye/face protection. Wash thoroughly after handling.

Environmental Hazards: Do not contaminate water when cleaning equipment or disposing of equipment washwaters.

First Aid: Have the product container or label you when calling a poison control center or doctor or going for treatment. IF IN EYES: Immedieately flush with plenty of water for at least 15 minutes. Remove contact lenses if present and easy to do so. Continue rinsing. If eye irritation persists, get medical attention.

Storage and Disposal: Do not contaminate water, food or feed by storage or disposal. Store in original container away from children, animals, foods, feeds, seeds and incompatible materials. Handle in accordance with Precautionary Statements. In the event of spillage or leakage, soak up the material with absorbent clay, sand, sawdust or other absorbent material. Scrape up and dispose in accordance with Product Disposal. PRODUCT DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility. CONTAINER DISPOSAL: Nonrefillable container. Do not reuse or refill this container. Triple rinse (or equivalent) during mixing and loading.

PRINCIPAL FUNCTIONING AGENTS

Paraffinic petroleum oil and Alcohol ethoxylate	100%
Total	100%
Surfactant content	17%
Unsulfonated Oil Residue (UR) Value	92%

COMPATIBILITY

This product is compatible with most pesticides. However, if the desired combination has not been previously used, a compatibility test is recommended.

MIXING

Fill spray tank hlaf full of water and begin agitation. Add pesticides as directed by label or in the following sequence and continue filling tank: (1) Dry flowables or water dispersing granules, (2) Wettable powders, (3) Flowables, (4) Solutions, (5) Emulsifiable concentrates. Continue agitation until spray solution is completely mixed. Add the recommended amount of this product. Continuous agitation of finished spray is recommended. If spray solution has been allowed to stand, thoroughly agitate and remix before application.
