OptiFit®

MSO

GENERAL INFORMATION

OptiFit MSO is a multicomponent spray adjuvant developed as a replacement for non-ionic surfactants and crop oil (petroleum oils) to maximize the performance of crop protection chemicals. This product assists penetration of the spray mix through the plant cuticle, therefore, caution at the higher application rates should be exercised.

DIRECTIONS FOR USE

Use Rates: 1-4 pints per acre (use the higher rate when weeds are under weather stress or at the maximum labeled size for control). By Volume: 1.0% v/v (1 gallon per 100 gallons of spray solution).

Do not use this product on post application for corn during the vulnerable V8-VT growth stages, as this can trigger arrested ear development, a physiological condition resulting in stunted ear growth.

Follow pesticide label directions. However, do not add this product at a rate which exceeds 5% of the finished spray volume. If applying to a sensitive crop, treat a small area first and observe for any adverse effect on the crop. This product may be used on agricultural, forestry, turf and ornamental, and non-cropland sites.

Compatibility: This product is compatible with most pesticides. However, if the desired combination has not been previously used, a compatibility test is recommended.

Mixing: Fill spray tank half full of water and begin agitation. Add pesticides as directed by label or in the following sequence and continue filling tank: (1) Dry flowables or water dispersing granules, (2) Wettable powders, (3) Flowables, (4) Solutions, (5) Emulsifiable concentrates. Continue agitation until spray solution is completely mixed. Add the recommended amount of this product. Continuous agitation of finished spray is recommended. If spray solution has been allowed to stand, thoroughly agitate and remix before application.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

Storage: Store in closed, original container away from children, animals, foods, feeds, seeds and incompatible materials. Handle in accordance with Precautionary Statements. In the event of spillage or leakage, soak up the material with absorbent clay, sand, sawdust or other absorbent material. Scrape up and dispose in accordance with Product Disposal.

Product Disposal: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

Container Disposal: Nonrefillable container. Do not reuse or refill this container. Triple rinse (or equivalent) during mixing and loading. Recycling decontaminated containers is the best option of container disposal. Decontaminated containers may also be disposed of in a sanitary landfill.

PRINCIPAL FUNCTIONING AGENTS

Methylated Seed Oil, Alkyl Phenol Ethoxylate	100%
Total	100%
Surfactant Content	17%

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals: May cause eye irritation. Obtain special instructions before use. Do not handle until all safety precautions have been read and understood. Wear protective gloves/clothing and eye/face protection. Wash thoroughly after handling.

Environmental Hazards: Do not contaminate water when cleaning equipment or disposing of equipment washwaters. Harmful to aquatic life.

First Aid: Have the product container or label with you when calling a poison control center or doctor or going for treatment. *If in eyes:* Immediately flush with plenty of water for at least 15 minutes. Remove contact lenses if present and easy to do so. Continue rinsing. If eye irritation persists, get medical attention.

LIMITED WARRANTY: Streamline Ag warrants that the Product conforms to the chemical description given on this label and is reasonably fit for the purpose stated when used in accordance with label directions under normal conditions of use. Streamline Ag and Seller make no other warranties, express or implied, including warranty of merchantability or fitness for a particular purpose. Buyer and User accept all risks arising from any use of this Product. To the extent allowed by law, Streamline Ag and the Seller shall not be liable to the Buyer or User of this Product for any consequential, special, incidental or indirect damages.
