OptiFit®

PRE-EMERGE

PRE-EMERGE

GENERAL INFORMATION

OptiFit Pre-Emerge uses the best technology available to improve your herbicide applications life span. OptiFit Pre-Emerge is unique in its capabilities of extending out the time your chemical remains active. It encapsulates your pre-emerge herbicide, insecticide, and fungicide protecting them from UV decomposition. This encapsulation technology makes your chemical last up to a week longer in most applications. OptiFit Pre-Emerge is completely safe for in crop use. It incorporates our industry leading drift control technology making OptiFit Pre-Emerge an industry leader in drift control and canopy penetration, increasing the effectiveness of all your applications.

RATE RECOMMENDATIONS

Always use agitation when adding OptiFit Pre-Emerge to the spray tank.

- Normal range of use rates can adjust between 1-2 quarts per 100 gallons.
- With low gallon aerial applications, the higher rate is recommended.

DIRECTIONS FOR USE

Add OptiFit Pre-Emerge first to agitating tank, except with using dry flowables, then add after they are mixed into water solution.

For use with herbicides (including desiccants), insecticides, and fungicides. Refer to herbicide/pesticide label being used regarding specific adjuvant use recommendations.

OptiFit Pre-Emerge will reduce but not totally eliminate drift. Always follow chemical label directions and precautions. OptiFit Pre-Emerge is not intended as a substitute for good agronomic practices, and sound application techniques must be used when spraying.

STORAGE AND DISPOSAL

Spills should be scooped up or wiped up immediately, and spill area flushed with water. Before eating, drinking or smoking, wash face and hands thoroughly with soap and water. Avoid unnecessary skin contact. Impervious gloves are recommended to prevent prolonged skin contact. For operations where eye or face contact can occur, eye protection is recommended.

PRINCIPAL FUNCTIONING AGENTS

Polyvinyl Polymer Encapsulation Blend (Polyacrylamide, non-reactive)	100%
Total	100%

All ingredients are exempt from tolerance requirements under 40 CFR 180.1001(d)
APE and NPE Free
